BANK ENTERTAINS FARM CLUB TODAY

BOYS AND GIRLS AT LUNCHEON OF FARMERS TRUST CO.

CLUB HAS 78 MEMBERS

Is First Thoroughbred Shorthorn Calf and Poland-China Pig Club In the State

Seventy-eight boys and girls are now signed up as members in the Farmers Trust Company Pig and Calf club and the first meeting of the club was held today when they were the guests at a luncheon given by the Farmers Trust Company at the bank building. This meeting was addressed by F. L. Wright of the extension department of the Missouri University school of agriculture, and Prof. C. G. Steinsmeyer of the State Teachers College.

This organization is the first thoroughbred Shorthorn calf club and the first Poland-China pig club in the state. Th efirst real activities of the club were today in the election of officers as follows: Glen Palmer of Maryville, president; Virginia Burris, Maryville, vice president; and Roland Holloway, secretary. The next meeting of the club will be on December 20. Manager G. L. Wilfley, Mr. Wright and Mr. Steinsmeyer spent the afternoon visiting some of the fine herds of Nodaway county with a view to buying the pigs.

About 140 persons, which included the members of the club, the teachers of vitalized agriculture in the rural schools, parents of the boys and girls in the club and others interested in its development, attended the meeting. Manager G. L. Wilfley called the meeting to order in an informal address of greeting, which made every one feel perfectly at ease. He explained the reason for holding the meeting in the bank as they did was to give every one an at-home feeling and get all in accord with the intents of the club.

Prof. C. G. Steinsmeyer of the departmetn of agriculture of the State Teachers College, made the first talk, in which he urged the boys and girls to put their best efforts in this work. He commented upon the number of members and the enthusiasm shown by the boys and girls here in this club as compared with others in places where he had aided in the work and closed by counseling all of them to follow carefully the instructions given them by their teachers, parents and the manager of the club so that their work would meet with the success it should.

The keynote of Mr. Wright's address was "there is as much culture, training and development in the work of a pig and calf club as in a course of Latin, and the boy or girl who mixes the most brains with the feed of the calf or pig is the one to make the most success, not only in this particular line, but the principles established by doing it well would bring success in whatever line they might choose." Mr. Wright told in round figures [illegible] done by other clubs in the state, and marked out as the three things attained by the individual boy [illegible] the knowledge acquired by the [illegible] of the stock, business methods [illegible] and getting more pure bred [illegible] in the country.

There are now 78 members of the club. Sixty-seven of them were present at the luncheon today. The members are Dora Albright, Charles Baker, Stanley Davis, Dawn McComb, Evelyn Evans, Kenneth Evans, Lynne Debord, Ellis Clemmons, Ralph Clemmons of Maryville;

Fred Adams, Quitman; Rolla Adams, Quitman; Roland Ashford, Pickering; Paul Burks, Pickering; Russell Burke, Pickering; Leo Ellis Bradley, Elmo; Romaine Garten, Pickering; Joe A. In accordance with the wishes of Mrs. Alderman, expressed to members of the family before her death, the service was very simple and was entirely conducted by Dr. G. S. The service was concluded at Oak Hill cemetery where the body was interred. The pall bearers were O. C. Hanna, George Robb Ellison, J. Arthur Wray, John Behm, M. E. Ford and J. E. O'Neal. The offices of the court house were closed during the hour of the ceremony and the members of the bar association attended in a body.

LETTER WARN OF RECURRENCE OF CENTRALIA OUTRAGE

SEATTLE PAPER SEIZED

Letter From I. W. W's Says Leaders in the Movement Against Them Are Doomed

Seattle Wash., Nov. 15.—Renewed activity by both factions today marked the fight in the northwest of government agents against the I. W. W. organiation. The establishment of the Seattle Union Record was seized for the second time in twenty-four hours and the American Legion in Spokane received a letter in which eight local members of the organization were threatened with the fate of former soldiers killed at Centralia, Wash., Tuesday. The plant of the newspaper was seized by John M. Boyle, United States marshall, and publication stopped.

"My office," Boyle said late today, "received instructions to seize the entire plant and keep possession of it indefinitely."

E. B. Ault, editor of the Record, and two members of the paper's board of directors, are at Liberty under bonds on charge of violating the espionage act.

Send Typewritten Letter.

"The government probably thought it best to hold the entire Record plant until the case against its editor and directors is disposed of," Boyle added.

The letter received in Spokane was signed "Industrial Workers of the World, Fred Rushman, managing-secretary." It was typewritten and mailed in Spokane yesterday. The men named in the letter as marked were:

With one or two exception these men are overseas veterans and held commissions in thearmy. Wise is an officer of the Spokane American Legion post. Pitts is manager of the Spokane office of the state veterans welfare commission, and Albi is president of the Fliers club, an organiation of former service aviation men. All have been active in affairs of the American Legion in the northwest.

The Red Warning.

The letter said part:

"For the last two or three months the spokane chapter of the I. W. W. has been watching the activities of several leaders of the American Legion. You have taken an open stand against the I.W. W. Allow m eto state at this time that the American Legion in Spokane is doomed and will be curbed by the working classes.

"Our members have instructed me to write you at this time notifying you that unless the following men discontinue to create hatred against the I. W. W., of Spokane they will follow in the footsteps of the marked ones at Centralia."

Then followed the names.

F. W. Lukins, acting as spokesman for the mine operators, declared they would not agree to sign a wage scale for all fields. Bloomington Woman Suffered Nineteen Years — Taniac Ends Trouble

"When I found Taniac I discovered just what I've been trying to find for nineteen years," was the statement made by Mrs. E. Lamke, of 707 West Monroe St., Bloomington, Ill., while talking in a Taniac representative recently.

"I don't believe anybody ever had stomach trouble as bad as I did," continued Mrs. Lamke. "I suffered a thousand deaths during all these years, for after nearly every meal nearly everything I ate seemed to poison me and cause gas to form so bad in my stomach that it almost cut my breath off entirely. My heart would beat fast, and sometimes it would skip and nearly scare me to death. I had splitting headaches which almost drove me frantic. I had such pains in my back that I had to be careful about stooping over, and I was never free from a dull backache. This was caused from my kidneys, I suppose, for they were out of order. I finally got terribly nervous, and my nights were nothing but torment and misery for me. I could find no medicine or anything that would do me any good, and all the time I was falling off in weight, and was getting so much weaker that I had about given up in despair.

"Finally my daughter suggested that I try Taniac. I decided to give it a trial and got a bottle. Well, sir, I've taken nine bottles now and it's wonderful what a great change has come over me. Why, my appetite is actually better than it has been in twenty years, and what is more, I can go to the table and eat as big a meal as I ever could in my life. And after I eat my stomach doesn't trouble me the least bit, and gas has already stopped forming. My kidneys are in fine condition and I never have that dull backache any more. My nervousness and restlessness have left me, and many people remark how well I look. I go to bed now and sleep fine every night. It's nothing short of remarkable how this Taniac has helped me after my troubles had stood so long. I wouldn't take anything in the world for the good this medicine has done me, and no matter how much I say I will never be able to praise Taniac enough."

"Taniac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Coster Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, in Hopkins by Hopkins Drugs Co., and in Parnell by F. L. Hart." ADV.

BURNS PRELIMINARY WAS WAIVED TODAY

The preliminary hearing of O. J. Burns of Sedalia, charged with burglary and larceny of the Jackson bank of Clearmont, was held this afternoon before Justice W. L. The state wanted a bond of $12,500. Burns' attorney, C. C. Kelly of Sedalia, signed the bond after it appeared to the court that he was worth fully that amount. Shinabargar, Blagg & Ellison appeared as local attorneys for Burns.

The justice room was crowed to capacity and many people from the Clearmont community were in attendance.

A Safe Investment

There have been some very profitable investments made that never could have been considered safe. Men make these investments, or speculations in the spirit of win or lost—they call them "sporting chances."

More money has been lost in that kind of speculation than has been made—and many men have lost who could not afford to lose.

The conservative investor does not take "sporting chances." He is content with a reasonable profit and absolute safety.

A savings account in The Farmers Trust Co., is a safe investment paying four per cent interest, compounded every six months It is a reasonable profit, absolutely sure and without danger of loss. It will provide for the future where "big profits" are apt to be a flash in the pan.

Everhart, Miss Gladys Allen, Miss Jennie Pugh and Miss Daisy Allen gave a musical program during the dinner service. Miss Katherine Helwig had charge of a very interesting minute exercise about the "Millions for the Master" movement. The business session proved an inspiration to the members present. Prof. Harry Miller of the State Teachers College was a guest and spoke in his usual inspiring manner. The Baptist folks are very glad to again welcome Mr. Miller and his family, who return from a leave of absence in south Missouri. They are faithful workers in every movement that uplifts a community and enriches the character of its citizens. The pastor, Rev. W. C. Ferguson, outlined a program of church endeavor that had already been presented and accepted by the Women's Auxiliary. The Baptists in Maryville are looking forward to a year of hard work in which they hope to increase not only their membership but their efficiency in Christian service.

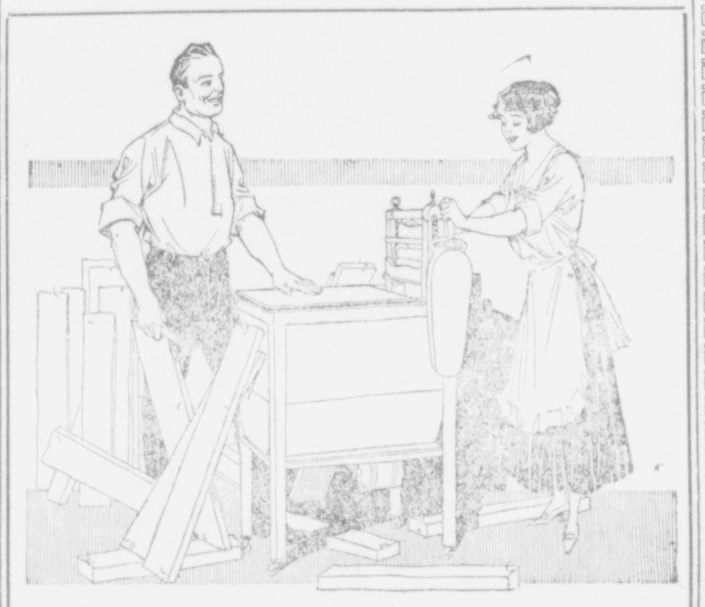
You Can't Cure Rheumatism With Liniments and Lotions

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you never will succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain.

You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has no equal as a blood cleanser, scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store and get on the right treatment to-day. If you want special medical advice, address Medical Director, 49 Swift Laboratory, Atlanta, Ga.



It's Safe to Say

that there has never been a household appliance that saved the housewife as much hard work as the

Electric Washer

The simple application of an electric motor to a washing machine has relieved women of lifting, scrubbing, rubbing, back breaking, turning cranks or pumping levers.

It has obviated the necessity of boiling clothes and saves fuel as well as saving the clothes themselves, because it does its work so quickly that the water stays boiling hot in the tub till the washing is done.

The woman who owns an electric washer does not dread wash day whether she has competent help or not—most any woman can do her own washing with an electric with less work than sweeping a floor.
